INDUSTRY SUPPORTS COVID 19 PANDEMIC

To all drivers it is our intention to seek long term supports for Drivers, similar to supports offered to other sectors as a direct result of the Pandemic. An Tánaiste Leo Varadkar has requested information from Drivers directly linked to fixed running costs which remain in effect despite the shutdown of our industry.

Fixed running costs are costs which remain in place despite the pandemic. These are Vehicle Payments, Insurance costs, and other costings drivers have borne in order to keep their business viable on an impending return to work.

This a sample email which we would ask drivers to send directly to An Tanaiste as a way of collating information to further proof our case for Industry Supports.

Email; Leo.varadkar@oireachtas.ie
subject; taxi fixed running costs

An Tánaiste my name is Joe Bloggs Badge no 12345. My current taxi running costs are the following,

Car Loan 00000

Insurance 00000

Vehicle Maintenance 00000

other costs 00000

Many thanks John Doe Taxi Driver

Please share the above with your colleagues. In order to garner Industry supports it is vital drivers email correspondence of their fixed running costs to provide documentary evidence of hardships within the Industry to secure supports.

Regards

Alan Brennan
